HALLMARK APPROVED. SORTA.

We're not just funny greeting cards. We're the brand that plucks the awkward, honest, unexpected, offbeat, observational and smartass funny out of the world we live in and serves it up hot and fresh wherever it's wanted or needed.

When it comes to humor, no two tastes are alike. That's why Shoebox is an all-you-can-eat buffet of funny. Domesticated animal heads on human bodies? Check. Nut humor? Both kinds! Scantly clad seventy-somethings? Of course. Taco jokes? It's nacho problem. (did we mention we have puns for days. And nights. And afternoons.) Fifth-grade-boy-level flatulent funnies, eyebrow-raising witticisms, puppy butts, large men, small hedgehogs, golf and, of course, cats...
